Applications:

PROJECTS

1-Project: Code-Quiz

Gihtub:https://github.com/SuM949/code-quiz-SUMA |
Deployed:https://sum949.github.io/code-quiz-SUMA/

- The code quiz display that will inform you of the rules which have that you got 15 seconds for each question,
- The main quiz is complete with main questions about coding basic definitions of HTML, CSS, JS, etc -once you have done I added a box that saying you have completed the quiz with a crown tag so either you will press REPLY QUIZ o QUIT QUIZ
- HTML, CSS, and Javascript

2-Project: Password Generator

Gihtub:https://github.com/SuM949/suma-password-generator |
Deployed:https://sum949.github.io/suma-password-generator/

- I created an application that generates a random password based on user-selected criteria. This app will run in the browser and feature dynamically updated HTML and CSS powered by your JavaScript code
- HTML,CSS,JS

3-Project: Where are we?

Gihtub:https://github.com/gmadnani/Where-are-we |
Deployed:https://gmadnani.github.io/Where-are-we/

- This is an educational quiz game that uses APIs to retrieve photographs and geographical data. This data will be used to automatically generate multiple choice quiz questions that ask the user to guess where the photo was taken or 'where are we?', and earn points based on the answers they give.

- HTML,CSS,JS,APIs

EXPERIENCE

FC Associate / Amazon   2021– present

Coventry, CV5 9PF

Fulfillment associates fulfill basic warehousing and stock order duties. I am responsible for unloading merchandise trucks, deciphering work orders, locating stock, and packing items for shipment. Tasks may include efficiently and effectively receiving & storing goods inwards following Amazon's internal processes and procedures and using radio frequency (RF) scanners.

Logistics Trainee / Novo Entreprenor AS   2020– 2021

During my 8-month of trainee period at the construction company Novo, I have worked with the IT and logistics department,
My team consisted of the general manager and his assistant. I was in charge of the warehouse by checking the security products and the PPE clothes for employees and sending feedback to the general manager. I was also
involved in the contact with the seller. The tasks also consisted of going to the project site in Moss to check equipment, including building materials and machinery. In addition, I managed the employment contracts and the archives called and arranged meetings with other companies and agreements for car services for the workers. In the end, I was included in helping the leaders with finances.
